# Mudgee is best experienced together ... and on an E-bike

Mudgee is best experienced together.

Our packages are designed to bring people together, be they work colleagues, clients, friends or family, to taste the experience of Mudgee, to adventure and make memories that will bring a smile and last forever.

Let Ezyride Mudgee co-create with you an electric-bike experience just for your group, including your Mudgee favourites and adding a few surprises along the way.

We want to make it Ezy'r for your group to experience the evolving beauty and abundance of the Mudgee Region..
